The Bio-Builder & Hook Tool" Purpose

A. **Worksheet: "The Bio-Builder & Hook Tool" Purpose:** A fill-in-the-blanks exercise to transform a generic bio into a "Solution-First" storefront. **Content:** A table where you rewrite your bio using the **Bio Formula**:

- [Who I Help]

  e.g. [Who I Help]: I help Nigerian Health-Tech startups reach more patients through clear communication.

  I help small businesses, startups, and entrepreneurs grow their online presence and attract more customers through strategic digital marketing.

- [How I Help]

  e.g. [How I Help]: I simplify complex medical jargon into engaging, trust-building blog posts and newsletters.

  I create and manage social media campaigns, content marketing strategies, paid advertisements, email marketing, and SEO solutions that increase visibility, engagement, and sales.

- [Call to Action]

  e.g. [Call to Action]: Click the "Message" button to see my latest Health-Tech writing samples!

  Click the "Message" button to discuss how I can help grow your brand and achieve your marketing goals.

B. **Further Reading Hub (PDF Links/Copy):**

- **"GDPR: General Data Protection Regulation for Freelancers":** A one-page "Trust Manual" explaining how to handle client data safely to meet global standards.

- **"The Inclusive Storefront Guide":** A simplified summary of WCAG 2.1 standards for adding Alt-Text and captions to digital profiles.
